1. That the Justices of the Peace for the County of Westmorland, in General or Special Sessions, be and they are hereby authorized and empowered to sell by public auction, the School Lands in the Parish of Sackville, in said County, or such portion or portions thereof as they may deem meet, and to make good and sufficient deeds of conveyance of the same to the purchaser or purchasers thereof in fee simple.

2. The amounts arising from such sale or sales shall be re-invested by the said Justices of the Peace for the County of Westmorland in the purchase of other freehold property in the Parish of Sackville aforesaid, more convenient and advantageous for the inhabitants of the said Parish, for the exclusive use, benefit, and advantage of the inhabitants thereof, for School purposes.

Passed 12th April 1855.

WHEREAS by Letters Patent under the Great Seal of the Province of New Brunswick, dated the sixth day of December in the year one thousand seven hundred and ninety three, certain lands now in the County of Kent were granted to Jean Baptiste Richard and others, as joint tenants: And whereas the occupiers of the said lands, representing themselves to be the owners thereof, during the Session of 1853 applied by Petition to the House of Assembly for an Act to settle their

several titles, which Petition was referred to a Select Committee of the said House, who made a Report, of which the following is a copy, that is to say :—

“The Committee to whom was referred the Petition of John Davids, Joseph Jean D’Aigle, Raphael Richard, and forty nine others, French inhabitants residing on the north side of the Richibucto River and Harbour, in the County of Kent, setting forth that in the month of June 1791, Baptist Richard, Thomas Babin, Lewis Richard, and several others, natives of Canada, the ancestors of the Petitioners, and the original proprietors of the lands on which they now live, petitioned the then Lieutenant Governor to grant them lots on the Richibucto River, and to order the same to be laid out for them; that in the month of October 1791, it was ordered in Council that such application should be complied with, the lands to be surveyed at the expense of the applicants; that a survey was made of the out-boundings in question, as Petitioners were informed and believed, and accordingly on the sixth day of December 1793, a grant, including lands to other parties, issued of the lands in question to the applicants and others, their heirs and assigns, being the persons through whom the Petitioners now claim the same, containing eight thousand eight hundred acres, more or less, situate, lying, and being adjoining the Harbour and River of Richibucto, on the Gulf of Saint Lawrence, abutted, bounded, and described as in the first tract named in the extract of the original grant, and a copy of the original plan in the Crown Land Office, more fully appears; that the grant so issued, as it was afterwards discovered by the grantees, gave no distinct allotments by plan or otherwise to the applicants in severalty or portions, by mete bounds or portions, to enable the respective owners to lay off their lands by the aid of a Surveyor or otherwise, as is usual in such cases, and the original parties entered thereon, occupied, and died, without any division lines of their respective rights ever having been made between them; that there are now several families on the said tract, consisting of several hundred persons, with no distinct allotment, especially of the wilderness land; that the Petitioners are placed in a most embarrassed situation, having no allotment which each individual or family can call its own, and whereon to make improvements, nor capable of

resorting to the ordinary legal remedies where wrongs are committed upon them, to which they are constantly exposed; that the Petitioners are consequently suffering great injury, arising from the extraordinary character of the grant referred to, and praying that their unfortunate situation may be taken into consideration, and some provision made for dividing the lands and remedying the grievances therein complained of, report—That they have taken the circumstances of the case into their consideration, and recommend that the government should appoint, during the ensuing Summer, a competent person to investigate the matters set forth in such Petition, and the situation of the land and parties living thereon, and report for the information of this House at the next Session, and that the Government pay his necessary expenses, and this House will make provision for the same, and that the House do address His Excellency to carry out this Report.

Respectfully submitted.

R. B. CUTLER,
REUBEN STILES.

Committee Room, 27th April, 1853."

In pursuance of which Report the said House voted an Address to His Excellency the Lieutenant Governor, of which the following is a copy, that is to say :—

"*Resolved*, That a copy of the Report of the Committee on the Petition of John Davids and others, French inhabitants at Richibucto, as regards the defining of the bounds of an ancient grant under which they hold their titles, be communicated to His Excellency the Lieutenant Governor, and that an humble Address be presented to His Excellency, praying that he will be pleased to cause the recommendation therein contained to be carried into effect."

And whereas in pursuance of such Address the Governor in Council, on the sixth day of July in the year of our Lord one thousand eight hundred and fifty three, appointed the Honorable James Davidson to investigate the matters set forth in the said Report of the said Select Committee, the situation of the lands, and to report the names of the said respective parties living thereon, with their respective localities: And whereas in pursuance of such appointment, the said James Davidson has attended to the duties thereby in him reposed;

and has made a report of his doings to His Excellency the Lieutenant Governor, which has been laid before the House of Assembly, together with the Schedule, and the Plan therein referred to; of which Report and Schedule the following are copies :—

“ Miramichi, January 26th, 1855.

“SIR,—Agreeably to instructions which I received from your predecessor, the Honorable Robert D. Wilmot, dated the 6th July 1853, I proceeded to Richibucto on the 12th of October following, for the purpose of surveying the grant to Jean Baptiste Richard and others, north of Richibucto; on my arrival there I called a meeting of all those persons who were interested in the grant, and ascertained from them that they wanted the land surveyed in the way it had been laid out originally by their ancestors, and subsequently subdivided by themselves; I accordingly began the survey and proceeded therewith until the cold weather set in, when I was obliged to defer it until the 3rd of October last, at which time I again returned to Richibucto, and completed the survey. It appears that two tracts of land were granted to these people in the year 1793, and the first tract in the said grant, which is the land in question, containing eight thousand eight hundred acres, was granted to Jean Baptiste Richard, Thomas Babin, Louis Richard, Francis Richard son of John Baptiste Richard, Francis Richard living on the river Aldoune, Paul Richard, Jean Richard living on the river Aldoune, Jean Daigle, Fabain Daigle, Pierre Robichaux, Pierre Robichaux, Junior, Joseph Robichaux, Casimir Daigle, Pierre Daigle, Charles Robichaux, and Charlemagne Arsinau, jointly, it was divided by the first proprietors, and subsequently subdivided by their descendants, and they would not allow me to make the slightest deviation from such division. I accordingly made a survey of the whole grant as it had been divided, and send herewith a Plan of the survey together with a Schedule containing the names of all the parties interested therein, and the quantity or proportion of land owned by each. All the persons named in the Schedule attached to the plan are those at present in possession, who are the descendants of the original grantees, persons and their descendants who have married heirs, and a few who have purchased, and they appear to be all perfectly satisfied that the persons named in the said

Schedule are the sole and only owners agreeably to the manner in which it has been surveyed and represented on the plan herewith sent. As relates to the marsh, I found the divisions so small that it was impossible to mark the separate lots on a plan, unless on a very large scale, as many of the marsh lots are not more than fifty links wide. I therefore surveyed the whole of the marshes in one block, and have distinguished them separate from the upland on the plan. There will be no difficulty about the marsh, as each proprietor has his lot well marked off, and continues to occupy it without interruption. I was very careful in taking down the names of the respective owners, and to ascertain the proportion belonging to each, as will be seen on reference to the Schedule attached to the plan, and from the best information I could get, I think the persons whose names are contained in the said Schedule are the only and sole owners, agreeably to the different proportions mentioned therein.

I have the honor to be, Sir,

Your most obedient servant,

JAS. DAVIDSON,

Dy. Surveyor."
