CHAP. VI.

An ACT for granting to his Majesty a certain sum of Money out of the Funds applicable to the uses of this Province, to defray the expences of amending and repairing the Public Highways and Roads, laying out and opening new Roads, and building Bridges in the several Districts thereof.

[Passed 9th March, 1804.]

MOST GRACIOUS SOVEREIGN,

WHEREAS it would very much advance the general prosperity of this Province, if the public highways and roads already laid out in the several districts thereof were amended and repaired, and new and additional roads were laid out and opened in certain parts of the Province, to which at present there is very difficult access, and certain bridges are also become indispensibly necessary, the want of which at present much endangers the lives of the King's subjects; And whereas the rates heretofore imposed, and the duty by law required to be performed on the said public highways and roads, are altogether inadequate to the several purposes aforesaid, and the imposing additional burthens by levying district rates sufficient for the several purposes aforesaid, would in the present circumstances of the Province be found inconvenient, and the necessary provision can only be made out of the surplus of certain duties and taxes as yet unappropriated; in order therefore to defray the expences of repairing, amending, laying out and opening such highways and roads, and making such bridges as aforesaid, May it please your Majesty that it may be enacted,
