Preamble.

WHEREAS by an Act of the Parliament of this Province, passed in the fifty-ninth year of His late Majesty's Reign, entitled, "An Act to repeal an Ordinance of the Province of Quebec, passed in the twenty-fifth year of His Majesty's Reign, entitled, 'An Ordinance concerning Land-Surveyors, and the Admeasurement of Lands,' and also to extend the provisions of an Act passed in the thirty-eighth year of His Majesty's Reign entitled, 'An Act to ascertain and establish on a permanent footing the boundary-line of the different townships of this Province, and further to regulate the manner in which lands are hereafter to be surveyed,'" it is, among other things, enacted. That all boundary-lines of townships made in the first survey, shall be the true and unalterable boundary-lines of all and every such townships respectively; and also, That every licenced Surveyor, when and as often as he is employed to run any side-line or limit between lots or lines, required to go the same course of the side line or limits between the lots in the concession in which the land to be surveyed lies, shall, if it has not been done before, or if it has been done before, but the course cannot at such time be

truly ascertained, determine by a true meridian line, or some other infallible method, the true course of a straight line between the front and rear angles of such concession, or that boundary of the township from which the lots are numbered, and run such line or lines as aforesaid, truly parallel to such course, which is thereby declared, and shall be deemed and taken to be the true course of such lines in the several townships in this Province. And whereas it appears by the petition of the inhabitants of the township of Cramahe in the Newcastle District, and also from a report of the Surveyor General of this Province, that the eastern side-line of the said township of Cramahe, whence the lots are numbered, was, in the first survey, erroneously run, whereby great confusion is daily arising from the surveying of the side-lines of lots in the said township parallel to such erroneous line: And whereas it also appears by the report aforesaid, that the western side line of the said township of Cramahe, toward which the lots are numbered, has been correctly and truly surveyed: Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's Reign, entitled 'An Act for making more effectual provision for the Government of the Province of Quebec in North America, and to make further provision for the Government of the said Province,'" and by the authority of the same, That when and so often as any licensed surveyor shall be employed to run any side line or limit between lots in the said township of Cramahe, reference shall only be had to the western side-line of the township in that concession in which he is required to survey any such side-line or limit, in the same manner as is now directed by the before-recited Act for such reference to be had to the side-line from whence the lots are numbered, any thing in the said Act contained to the contrary notwithstanding.

Reference to be had to the western side line of the township of Cramahe in all future surveys of that township.

II. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful for the Governor, Lieutenant Governor, or person administering the Government, to direct the Surveyor General to order the said erroneous line to be re-surveyed and corrected, and that the expenses incurred thereby shall be considered as part of the contingent expenses of the Surveyor General's Office, and that such line, so corrected as aforesaid, shall be, and it is hereby declared to be, the true and unalterable boundary line of the said township of Cramahe.

Surveyor General to order the eastern line of the said township to be re-surveyed.
